Jobs Experience |

Senior Developer Community Engineer [Auth0](#)

October 18' - Present

As a core team member of Community Team I'm responsible for developing proof of concept apps and scripts for community users. I also co-lead the development of analytics and automations around developer community activities.

Research Engineer [Devrel Space](#)

August 18' - July 20'

It is an initiative I founded with the core principle of researching the developer relations field. I was responsible for developer ecosystem analysis as well as testing and analysing various developer brands' SDKs and APIs.

iOS Software Engineer [Estimote Inc.](#)

May 17' - May 18'

Co-responsible for product engineering and development of Estimote and Indoor iOS apps. Being a part of the Developer Experience team I also led the development of community-oriented app templates using our APIs and SDKs.
